

6th Grade Science

Mrs. Camille Jensen

camille.jensen@prestonidahoschools.org

www.sciencestyle.weebly.com

Course Description:

6th graders will focus on Physical Science, Life Science, and Earth Science. Hands on activities, class discussion, and individual and group projects provide an opportunity to investigate science and apply it to their lives.

Classroom Rules (POP)

- **P- Participation** (individual & Group)
- **O - Organization:** Students are responsible for coming to class prepared with the following materials:
 - 3-ring binder
 - paper (lined filler paper or spiral notebook for note taking)
 - pencil (not a pen)
 - Colored pencils
- **P- Politeness** (be kind, respectful, and considerate of others)

Homework

- Students are expected to complete homework on time. Late work will result in penalties.
- If you do not finish work in class or if you are absent , Plan on attending PASS (3:45-4:25 after school)
- You are responsible to ask the teacher for missed work on days you are absent
- Progress reports will be sent home on a regular basis. Parent signature is required.
